## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1, 2 and 4-26 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The rejections under 35 USC 103(a) are withdrawn in light of applicant's argument filed November 8, 2004. Applicant argues and the examiner agrees that the prior art does not teach or suggest that a cyclic oligosaccharide could be used in conjunction with a polymer and an active ingredient to form a nanoparticle in which the active ingredient is largely contained in the nanoparticle matrix network and the cyclic oligosaccharide molecules are localized on the surface of the nanoparticles.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
